State Sales Tax Rate for Rental, Lease, or License to Use Real Property Decreases to 5.8% on January 1, 2018

Effective January 1, 2018, the state sales tax rate imposed under section 212.031, Florida Statutes, on the total rent charged for renting, leasing, letting, or granting a license to use real property is decreased from 6% to 5.8%. Some examples of real property rentals subject to tax under section 212.031, Florida Statutes, include commercial office or retail space, warehouses, and self-storage units or mini-warehouses.

The total rent charged includes all consideration due and payable by the tenant to the landlord for the privilege or right to use or occupy the real property. The local option discretionary sales surtax imposed by the county where the real property is located continues to apply to the total rent charged.

Sales tax is due at the rate in effect during the time the tenant occupies, or is entitled to occupy, the real property regardless of when the rent is paid. Rental charges paid on or after January 1, 2018, for rental periods prior to January 1, 2018, are subject to 6% state sales tax, plus any applicable discretionary sales surtax. Rental payments made prior to January 1, 2018, that entitle the tenant to occupy the real property on or after January 1, 2018, are subject to 5.8% state sales tax, plus any applicable discretionary sales surtax.

When the amount of total rent charges falls in between whole dollar amounts, the bracket system must be used to calculate the combined tax and surtax.

The decrease in the state sales tax rate for renting, leasing, letting, or granting a license to use real property (commercial rentals) does not apply to the tax imposed under section 212.03(6), Florida Statutes.

Information about the proper reporting of tax due on commercial rentals on your sales and use tax return is provided on the insert included with this publication.
