Dear Dr. Williams:

Thank you for submitting the following substantive change:

Substantive change:

Program Closure

Advanced Technical Certificate in Health Data Management

Submission date:

3/22/2019

Implementation date:

8/1/2019

Case ID:

SC006952

Saint Petersburg College has decided to close the Advanced Technical Certificate program in Health Data Management due to low enrollment. The last two students participating in this program graduated in fall 2018. There are no students currently enrolled; therefore, none will be impacted by the closure. No new students will be accepted as of fall 2019. The one faculty member associated with the Certificate also teaches in the Health Information Technology degree program so will not be negatively impacted by the closure.

The Board of Trustees of the Southern Association of Colleges and Schools Commission on Colleges approves the closure of the Advanced Technical Certificate program in Health Data Management.

Should you need assistance, please contact Dr. Denise Y. Young at 404-679-4501 or via email at dyoung@sacscoc.org.

Please include the Case ID number above in all submissions or correspondence about this substantive change.

Sincerely,

Belle S. Wheelan, Ph.D.
President
