 ST. PETERSBURG COLLEGE**

Disposition of Surplus or Obsolete Property (Survey # 528)

The items of tangible personal property that follow have been declared as surplus or obsolete and are of no further economical use to the College. Regarding the retirement of desktop computers, the College's Technology Oversight Group (TOG) recommends that any desktop computer comparable to or older than the Dell GX270 model be moved to surplus. Any laptop computer comparable to or older than the Dell D800 model, or any C series (or comparable) should be moved to surplus. These older computers do not efficiently support the Windows 2000 and beyond operating systems and application suites.

Pursuant to Board of Trustees Rule 6Hx23-5.13 (IV), the Property Survey Committee requests authorization to sell or otherwise dispose of this property in the manner prescribed by Chapter 274, Florida Statutes.

Project 597-D-10-5, Remodel/Renovate for Classrooms/Labs (College of Education),
Olympia Building, Tarpon Springs Campus**

On October 20, 2009, the Board of Trustees approved Phase I Schematic Design Documents and an early bid package to allow for the utility relocations, demolition and structural systems. The current Phase III Construction Documents include the final plans for the foundations, structural steel, roofing systems and building envelope.

This project will consist of approximately 39,232 square feet of two-story space at the center section of the Olympia Building Warehouse space (connecting to the existing bookstore and café) and leave the north side of the Olympia Building as approximately 40,000 SF Warehouse space. This will require installing new structural systems and exterior fenestration at the center of the Olympia Building and building out the interior of this space as a consolidated location for the College of Education at the Tarpon Springs Campus. This project includes a new main entry to the Olympia Building (College of Education, Bookstore and Café) from the parking at the east side of the Olympia Building. Additionally, this project will provide a new entry on the west side of the Olympia Building, providing a more direct connection of this new space to the balance of the Campus.

The total Preliminary Guaranteed Maximum Price (GMP) for this project remains at \$9,176,884 or \$233.91 per square foot with a total project budget of \$12,466,797 as approved on October 20, 2009. The date for substantial completion has been set for December 2, 2010. A final GMP will be brought to the Board for review and approval once the Phase III Construction Documents are completed for the entire project (May 2010).

These Phase III Construction Documents (Structural and Building Envelope) are presented today for your review and approval. The construction documents have been reviewed by Conferlete Carney, Provost, Tarpon Springs Campus; Sally Naylor, Dean, College of Education; Anne Cooper, Senior Vice President, Academic and Student Affairs; and Kay Burniston, Vice President Baccalaureate Programs and University Partnerships.

Authorization is requested for the following:

- **To approve Phase III Construction Documents (Structural and Building Envelope);**
- **To approve proceeding with the construction of the work detailed in the Phase III Construction Documents (Structural and Building Envelope).**

Thomas E Furlong, Jr., President; and Susan M. Reiter, Vice President, Facilities Planning and Institutional Services; recommend approval.

11. **TENANT'S DEFAULT.** "Default" shall be the occurrence of any one or more of the following events which shall permit the College, subject to the cure periods herein stated, to immediately terminate this Lease and take possession of the Leased Premises.
 - a. BayCare's failure to pay any sums payable to the College which shall be and remain unpaid for more than thirty (30) days after the same are due and payable.

12. **LANDLORD'S DEFAULT.** A material breach by the College in its performance of the covenants, agreements, stipulations or conditions herein shall constitute a default under this Lease, unless the College cures such breach within thirty (30) days after written notice by BayCare to the College of such breach.
13. **DISPUTE RESOLUTION.** To the extent BayCare and the College cannot, after good faith attempts, resolve any controversy or dispute that may have arisen under this

Lease Agreement, either party, to the extent its interests are adversely impacted, may refer the matter to non-binding mediation in Pinellas County, Florida. The dispute will be mediated by a mediator chosen jointly by the College and Bay Care within thirty (30) days after notice by one of the parties demanding non-binding mediation. Neither party may unreasonably withhold consent to the selection of a mediator. The College and BayCare will share the cost of mediation equally.

Any dispute that cannot be resolved between the parties through negotiation or mediation within sixty (60) days after the date of the initial demand for non-binding mediation may then be submitted by either party to a court of competent jurisdiction in Pinellas County, Florida. The use of mediation will not be considered under the doctrine of laches, waiver or estoppel to affect adversely the rights of either party. Either party may resort to submitting the dispute to a court of competent jurisdiction as set forth herein prior to the expiration of the 60 day period set forth above, if: (i) good faith efforts to attempt resolution of the dispute under those procedures have been unsuccessful; or (b) interim relief from the court is necessary to prevent serious and irreparable injury to such party or any of its affiliates, agents, employees, customers, suppliers or contractors.

14. **ASSIGNMENT.** BayCare shall not have the right to assign, sublease or otherwise dispose of this Lease or any part thereof, or of its right, title or interest therein or its power to execute this Lease or any amendment or modification thereto, to any person or entity, without the prior written consent of the College, which consent may be withheld in the sole discretion of the College.

The College shall be named as additional insured on all liability policies and a certificate of insurance shall be provided to the College prior to occupancy by BayCare of the Leased Premises.
16. **TAXES.** BayCare shall be responsible for and shall pay before delinquency all municipal, county, state and federal taxes, if any, assessed during the Term against personal property of any kind owned by or placed in, upon or about the Leased Premises by BayCare. BayCare shall pay all applicable fees and taxes, if any, levied on the Leased Premises or the contents thereof including but not limited to sales taxes, property taxes and stormwater fees, and provide notice to the College of the payment of the same.
17. **LATE CHARGE.** If any payment due to the College is not paid within thirty (30) days after its due date, BayCare shall pay a late charge equal to five percent (5%) of the late amount to compensate the College for the additional administrative expense and loss occasioned thereby. In addition, the College may assess a charge at the maximum rate allowable by law for any check from BayCare returned to the College for insufficient funds. The late charge provided herein may be waived by the College upon a showing of good cause by BayCare for such late payment.
18. **FUNDING FOR COLLEGE.** The College represents that it is a political subdivision existing under the laws of the State of Florida and is funded and relies upon the State for its programs and services. Should legislative appropriations be insufficient, to

continue the operation of the District Office, including the Leased Premises, the College may terminate this Lease with one (1) year notice to BayCare, without further liability to BayCare or any third party.

19. **THIRD PARTY CLAUSE.** This Lease Agreement is for the sole benefit of BayCare and the College and not for any third party. Except as expressly provided in this Lease Agreement, there are no third-party beneficiaries of this Lease Agreement. This Lease Agreement does not create or confer any legal claim or cause of action in favor of any party not a signatory to this Lease Agreement and the obligations and legal duties imposed on any party by this Lease Agreement are owed exclusively to the other party or parties and are not owed to any party not a signatory to this Lease Agreement.

The parties agree that sexual harassment constitutes discrimination on the basis of sex.
21. **ENVIRONMENTAL/HAZARDOUS WASTE.** BayCare shall not use, generate, manufacture, produce, store, release, discharge or dispose of, on, under or about the Leased Premises, or transport to or from the Leased Premises, any Hazardous Substances (as defined herein) or allow any other person or entity to do so. BayCare shall keep and maintain the Leased Premises in compliance with, and shall not cause or permit the Leased Premises to be in violation of, any applicable environmental laws. BayCare agrees to protect indemnify and hold harmless the College, its directors, officers, employees, agents, successors and assigns from and against any and all loss, damage, cost, expense or liability (including attorney's fees and costs) directly or indirectly arising out of or attributable to the use, generation, manufacture, production, storage, release, threatened release, discharge, disposal, transport or presence of a Hazardous Substance on, under, about, to or from the Leased Premises, including without limitation all foreseeable consequential damages and the costs of any necessary repair, cleanup or detoxification of the Leased Premises, in any way arising from the acts of BayCare. The College shall have the right to inspect the Leased Premises and audit BayCare's operations thereon at any reasonable time to ascertain BayCare's compliance with the provisions of this Lease Agreement, and BayCare shall provide periodic certifications to the College, upon request, that the College shall have the right but not the obligation, to enter upon the Leased Premises and perform any obligation of BayCare hereunder of which BayCare is in default, including without limitation any remediation necessary due to environmental impact of BayCare's operations on the Leased Premises, without waiving or reducing BayCare's liability for their default hereunder. All terms and provisions of this paragraph shall survive expiration or termination of the Lease for any reason whatsoever. "Hazardous Substance" means any substance, whether solid, liquid or gaseous which is listed, defined or regulated as a "hazardous substance," "hazardous waste" or "solid waste," or pesticide, or otherwise classified as hazardous or toxic, in or pursuant to any environmental requirement; or which is or contains asbestos, radon, any polychlorinated biphenyl, urea formaldehyde foam insulation, explosive or radioactive material, or motor fuel or other petroleum hydrocarbons; or which causes or poses a threat to cause a contamination or nuisance on the Leased Premises

Additional information regarding Radon and Radon testing may be obtained from your county public health unit.
23. **INSPECTION AND ACCESS TO PREMISES.** The College shall have the right to enter the premises at all times upon reasonable notice to BayCare (except in the case of an emergency, in which case no prior notice need be given), to examine the Leased Premises, to survey the Leased Premises and make such repairs, alterations, improvements, or additions as the College may deem necessary or desirable at the College's expense, except for expenses incurred for such examination, surveying, repairs, alterations improvements or additions due to the actions of BayCare, its officers, directors, agents, employees, contractors, invitees or licensees for which BayCare shall reimburse the College for expenses incurred in such an event.

25. **CONDEMNATION.** In the event of condemnation, this Lease Agreement shall terminate as of the date the condemning authority takes title or possession, whichever first occurs. Any award or payment made in connection with a condemnation shall be the property of the College, whether such award shall be made in settlement of contemplated condemnation proceedings or as compensation for diminution in value of the leasehold or for the taking of the fee, or as severance or other damages; provided, however, BayCare shall be entitled to any separate award made to BayCare which does not diminish the College's award, such as for loss of or damage to BayCare's trade fixtures and removable personal property and any business damages or moving expenses. In the event that this Lease is not terminated by reason of such condemnation, the College shall, to the extent of severance damages received by College in connection with such condemnation, repair any damage to the Leased Premises (except for trade fixtures and personal property of BayCare) caused by such condemnation, except to the extent that BayCare has been reimbursed therefore by the condemning authority.
26. **CASUALTY.**
 - (a) If the Leased Premises or any portion thereof is destroyed or substantially damaged by fire or other casualty, the College shall proceed with reasonable

diligence to repair and restore the Leased Premises (exclusive of BayCare's trade fixtures, signs, contents and personal property) to substantially the same condition as the Leased Premises was in immediately before the happening of the casualty. However, the College shall not be required to restore any portion of the District Office which is not leased to BayCare.

(b) Anything contained in paragraph (a) above to the contrary notwithstanding, the College may terminate this Lease Agreement and shall have no obligation to BayCare to restore the Leased Premises in the event that the Leased Premises or any portion thereof is destroyed or substantially damaged by fire or other casualty, if: (i) the fire or other casualty is caused by the acts, omissions or negligence of BayCare, its officers, directors, employees, agents, contractors, or invitees; (ii) the Leased Premises is damaged in whole or in part as a result of a risk that is not covered by the College's insurance policies; or (iii) the insurance proceeds are inadequate to restore the Leased Premises to substantially the same condition as the Leased Premises was in immediately before the happening of the casualty.

27. PUBLIC RECORDS/STUDENT RECORDS. The provisions of Chapter 119, Florida Statutes; Family Educational Rights and Privacy Act (FERPA); and Section 1002.22, Florida Statutes shall apply to this Lease Agreement.

29. CONSTRUCTION OF LEASE. This contract shall be governed by the laws of the State of Florida. Any changes in the applicable laws, which govern this Lease, will necessitate a change in Lease terms and conditions, which may be effected thereby, at the time such changes may arise.
30. LOSS; DAMAGE; INJURY; DEFECTS. BayCare shall store its property in and shall occupy the Leased Premises at its own risk. The College shall not be responsible or liable at any time for damage to BayCare's merchandise, equipment, fixtures or other personal property of BayCare or BayCare's business regardless of the cause, unless such damage is due to the College's negligence or wrongful act. The College shall not be responsible or liable to BayCare for damage to either person or property that

may be occasioned by or through the acts or omissions of third parties. Unless due to the College's negligence, wrongful act, or failure to comply with this Lease Agreement, the College shall not be liable for any defect in the District Office, or parking area or any of the equipment, machinery, utilities, appliances or apparatus therein, nor shall it be responsible or liable for any damage to any person or to any property of BayCare or other person caused by the running, backing up, seepage, or overflow of water or sewage in any part of the Leased Premises, the failure of any public utility in supplying utilities to the Leased Premises or for any damage caused by or resulting from any defect or negligence in the occupancy, construction, operation, use of any of the Leased Premises, District Office, equipment, machinery, utilities, appliances or apparatus by any other person or by or from the acts of negligence of any occupant of the Leased Premises or the District Office.

31. SEVERABILITY. If any clause or provision herein shall be adjudged invalid or unenforceable by a court of competent jurisdiction or by operation of any applicable law, it shall not affect the validity of any other clause or provision, which shall remain in full force and effect.
32. WAIVER. The failure of either party to enforce any of the provisions of this Lease shall not be considered a waiver of that provision or the right of the party to thereafter enforce the provision.
33. COMPLETE AGREEMENT. This Lease constitutes the entire understanding of the parties with respect to the subject matter hereof and may not be modified except by an instrument in writing and signed by the parties.
34. COUNTERPARTS. This Lease may be executed in any number of counterparts, each of which shall be effective only on delivery and thereafter shall be deemed an original, and all of which shall be taken to be one and the same instrument, for the same effect as if all parties hereto had signed the same signature page. Any signature page of this Lease may be detached from any counterpart of this Lease without impairing the legal effect of any signatures thereon and may be attached to another counterpart of this Lease identical in form hereto but having attached to it one or more additional signature pages.
35. INSTALLATION OF TELECOMMUNICATIONS EQUIPMENT. The College shall dedicate space in Room 162B, the Intermediate Distribution Facility, (the "IDF Room") for BayCare to install the equipment necessary to provide wireless internet and intranet services. BrightHouse Networks shall connect the hard wiring to the equipment located in the IDF Room. The wiring shall initially be brought into the District Office facility by BrightHouse Networks through the College's Main Distribution Facility, and thereafter connected to BayCare's equipment in the IDF Room. The College shall be responsible for installation of the wiring from the IDF Room to each individual classroom comprising the Leased Premises necessary to bring wireless capabilities to those classrooms. BayCare shall be solely responsible for obtaining and installing antennas in each classroom which will transmit the wireless signals. **Amendment #3 to the Educational Plant Survey dated June 19, 2007, (Spot Survey #3)
(Veterinary Technology Special Purpose Center, Site 18)**

Amendment #1 to the Educational Plant Survey dated June 19, 2007 (Spot Survey #1), was approved by the Board on March 18, 2008 (see attached). This Amendment established a new site as the Veterinary Technology Center, Site Number 18, at the School Board of Pinellas County Seminole Vocational Education Center.

It has now been determined that the Veterinary Technology Center will be located at a new site on Ulmerton Road. This Amendment changes the site location from the School Board of Pinellas County Seminole Vocational Educational Center to a new property on Ulmerton Road adjacent to the Pinellas County Animal Services Buildings. Further, this property is being purchased by the St. Petersburg College Foundation (partially funded by a private donation), and the College will enter into a 40-year lease agreement with the Foundation for the property.

This Amendment provides the ability for the College to request site acquisition funds to allow St. Petersburg College to purchase the Veterinary Technology Center Site from the St. Petersburg College Foundation once PECO funds become available. The amount requested for this purchase will be the difference between the purchase price of the property and the private donation, approximately \$175,000.

This amendment adds the following item to the Educational Plant Survey:

Site 18: Veterinary Technology Special Purpose Center

Site acquisition

18.05 Acquire vacant land on 12746 Ulmerton Road, Largo, FL 33774, PIN number 09/30/15/00000/230/0100; approximately 12.50 acres; in accordance with Section 1013.40(2)(3), Florida Statutes, and Section 1.4, State Requirements for Educational Facilities, 2008.

The Board of Trustees is required to amend the existing Educational Plant Survey utilizing the Spot Survey process. The attached Spot Survey is an official request for the State to accept the modifications to the Educational Plant Survey. Once this is approved by the Board of Trustees, the Department of Education is responsible for filing and updating the Educational Plant Survey as part of the official State record and future reference.

Approval is sought for Amendment #3 (Spot Survey #3) to the Educational Plant Survey dated June 19, 2007.

Thomas E. Furlong, Jr., President; and Susan M. Reiter, Vice President, Facilities Planning and Institutional Services, recommend approval.
