17-149. Under Item I, Call to Order

The meeting was convened by Chair Stonecipher at 9:00 a.m. The invocation was given by Mr. Gibbons and was immediately followed by the Pledge of Allegiance.

Chair Stonecipher announced that an interpreter for the hearing impaired was not present at this meeting. Therefore, the video version would be close captioned before publication to the Board of Trustees website.

MINUTES OF THE SEPTEMBER 19, 2017 MEETING OF THE BOARD OF TRUSTEES OF ST. PETERSBURG COLLEGE

17-150. Under Item II-A, Presentation of Retirement and Motion for Adoption

Dr. Williams recommended adoption of retirement resolutions for Ms. Annette Gonzales and Ms. Lynne Cianchette. Ms. Cianchette was in attendance, and joined by family and colleagues, received her resolution as presented by President Williams.

17-151. Under Item II-B, Announcements

Florida College System Foundation Presentation

Dr. Tom Furlong, Trustee, Florida College System, Mr. Joe Lang, Trustee Emeritus, and Ms. Frances Neu, Vice President, Institutional Advancement, Foundation Executive Director, announced the award to the Foundation of scholarship funds from the Florida College System Foundation, Florida Blue Cross/Blue Shield, Helios and Bank of America.

17-152. Under Item III, Comments

Opportunity was given for comments from the Board Chair, Board Members, the President and the public.

Board Chair:

Chair Stonecipher thanked the staff, faculty and administrators of each of the College's campuses for their preparation for Hurricane Irma. He also thanked the Collegiate High School students who were assisting with ushering meeting attendees at this Board meeting.

Board Members

Mr. Gibbons also commended the College for its support to the community during Hurricane Irma.

President

Dr. Williams shared with the Board that there were meetings twice a day throughout the storm. She especially thanked the Facilities and Security Departments for their efforts in getting the College running after the storm. She noted that faculty are working on a continuity plan for students whose studies were disrupted.

Dr. Williams also reported the results of the Florida Equity Report and noted that St. Petersburg College was commended for the work it has done to help students from various and diverse backgrounds succeed.

Dr. Williams said she had received a phone call from Dr. Gordon, Provost of the Downtown Campus, that a special event was held at the Palladium in St. Petersburg that netted \$20K.

There were no public comments.

17-153. Under Item IV, Review and Approval of Minutes

The minutes of the August 15, 2017 Meeting of the Board of Trustees of St. Petersburg College were presented by the chairman for approval. Mr. Gibbons moved approval of the minutes as submitted. Ms. Cole seconded the motion. The motion passed unanimously

17-154. Under Item V, Monthly Reports

Mr. Lang, Board Attorney, submitted a proposed resolution to the Board with regard to a bequest made from the estate of Mr. Froesch. It was the wish of Mr. Froesch that four scholarships be awarded annually in his name. Mr. Lang explained that these funds are normally handled by the College Foundation and that this resolution provides for that transfer to the Foundation. He said that the Board of the Foundation would make a recommendation back to the Board of Trustees regarding the criteria of the scholarship awards and the Board of Trustees would then be asked to approve those criteria used to select scholarship recipients from this bequest. Mr. Foster moved approval of this resolution. Mr. Gibbons seconded the motion and the motion passed unanimously.

Ms. Suzanne Gardner, General Counsel, had no report this month.

17-155. Under Item VI – A, Strategic Focus and Planning

Under Strategic Focus and Planning:

A. STUDENT SUCCESS AND ACADEMIC ACHIEVEMENT

1. Online Classroom Experience – Dr. Susan Colaric, Associate Vice President, Online Learning Services (*Presentation*)

Dr. Colaric presented information regarding online classroom student enrollments. She noted that requests come from around the country and that online advisors work with students outside the four-county area surrounding the College. She said that prospective students are communicated with via online chats, phone calls, webinars and online sessions called Titan Thursdays.

Dr. Colaric shared that 97% of online students come from Florida, but that the online presence of the school is growing. She then shared student profile and demographic information with the Board. She noted that overall headcount for online students has grown from 17,484 in the fall of 2014 to 17,683 for fall of 2017.

Dr. Colaric noted that a course revitalization project was begun three years ago and that 94 courses have been completed so far. She explained that online students are offered many resources to support their success.

Dr. Colaric explained the instructional continuity plan in response to the disruption by Hurricane Irma. She shared that faculty and students have received communications and accommodations to complete their coursework once power is restored.

MINUTES OF THE SEPTEMBER 19, 2017 MEETING OF THE BOARD OF TRUSTEES OF ST. PETERSBURG COLLEGE

Dr. Colaric noted that St. Petersburg College has been recognized by various entities for its online programs.

Mr. Gibbons asked how online student success rates compare with classroom success rates. Dr. Colaric responded that the College is closing the gap and it is now a 3% differential on average. She said she would get the exact number for Mr. Gibbons. Mr. Gibbons asked if the College requires students to take a course to prepare them for online classes. Dr. Colaric responded that while some faculty members have built an online class into their syllabus, the College overall does not require students to take such a course.

Ms. Cole asked what the percentage of faculty was teaching online courses. Dr. Colaric responded that the number varies by program and that is a faculty member's choice whether to teach online classes or face-to-face classes.

Ms. Cole asked what the marketing approach was for online courses. Dr. Colaric answered that the College does digital marketing so students searching for online courses will see St. Petersburg College in their search results. She said that billboards are also used and that a word of mouth program will begin that rewards participants with SPC memorabilia, such as a magnet for their car.

Dr. Williams said that SPC is now able to advertise outside of Florida. Dr. Colaric added that there will be a series of meetings on the reciprocity agreement starting September 26th to discuss the requirements that the college must meet to satisfy that agreement.

2. SACS On Site Visit Update – Dr. Sabrina Crawford, Executive Director, Institutional Research and Effectiveness, Dr. Jennifer Haber, Professor, Ms. Heather Roberson, Academic Director, Center for Excellence in Teaching and Learning (*Presentation*)

Ms. Roberson shared that this is the last update before the SACS on site visit and that schedule specifics would be shared as soon as possible. A key date is Wednesday, October 11, when the visiting committee would be meeting with President Williams and members of the Board of Trustees.

Dr. Crawford shared that the SACS On-Site Visit is scheduled for October 9 through October 12. She explained the tentative meeting schedule for the site visit and noted that a final schedule would be forthcoming. She noted that the original schedule was impacted by Hurricane Irma.

Dr. Haber explained that the visiting committee would review the Quality Enhancement Plan and that Board members have been given information regarding the plan, including the College's report as well as a card listing key information that the College community should know about the plan. She reminded that the topic selected for the QEP is college readiness with a focus on

students who opt out of recommended college preparation courses. Dr. Haber told the Board that a number of support initiatives have been put in place including a pilot course due to launch in the fall of 2017.

Chair Stonecipher thanked the presenters for their work in preparing the College for the SACS visit.

17-156. Under Item VI – B, Budget and Finance

A. BUDGET AND FINANCE

1. Monthly Financial Report – Mr. Brian Miles, Vice President, Administrative/Business Services and Information Technology and Ms. Janette Hunt, Acting Associate Vice President, Budgeting and Compliance
(Presentation)
2. Budget Realignment – Phase II Update – Mr. Brian Miles
(Presentation)

Ms. Hunt informed the Board that this is the first budget presentation for the new fiscal year. She noted that revenue budget for the new fiscal year is \$10M less than last fiscal year and are currently running 1.5% over projections. Ms. Hunt shared that Personnel and Benefits expenses are budgeted at \$113,209,356 and are running 0.4% over at this time. She noted that the average prior year spending was higher than the current fiscal year for Current Expenses and Capital Expenses, and equal for Personnel expenses.

Mr. Miles presented information regarding the budget realignment initiative. He noted that this is being done in three phases. The first phase was completed June 1st, yielding a \$6.2M reduction in the budget. He explained that Phase 2 is looking at the last six months of the current fiscal year. Phase 3 is the entire fiscal year.

Mr. Miles outlined the components of the Phase 2 realignment. It includes reviews of the College structure and consulting services, an increase in facility rentals and partnerships, a technology refresh program, an assessment of student systems and an enhancement to the strategic enrollment plan. All of these components will be evaluated for efficiency, redundancy and cost effectiveness. He noted that changes to the College structure will be influenced by Dr. Williams's Transition Team evaluation and recommendations.

Mr. Waechter reported that a consultant specializing in space utilization has been hired to identify building space and properties that can be maximized or disposed of. The Health Education Center is one area of focus that might provide savings or revenue opportunities. Mr. Waechter said that there are more revenue streams available especially at the new building at the Gibbs campus and at the Bay Pines center. Long-term leases will also be reviewed, and where appropriate, renegotiated.

MINUTES OF THE SEPTEMBER 19, 2017 MEETING OF THE BOARD OF TRUSTEES OF ST. PETERSBURG COLLEGE

Mr. Michael Nash, Tech Support Supervisor, presented information regarding the Technology Refresh Program. Highlights include enhancing technology in student use areas, generating vendor competition, exploring technology alternatives, consolidating leases and collaborating with key stakeholders.

Dr. Colaric presented information on the assessment of student systems. She noted that the desire is to eliminate redundant systems and increase efficiencies. She said this project will begin in December. Dr. Colaric explained that student systems will be evaluated to determine if they are meeting their intended purpose, to eliminate redundancy and inefficiency, to streamline stakeholder experience to increase proficiency and to eliminate or repurpose personnel cost supporting antiquated or unnecessary systems.

Dr. Jesse Coraggio, Vice President, Institutional Effectiveness and Academic Services reported that enrollment is made up of multiple components, specifically recruiting, retention and the scheduling process. He shared that in the area of recruiting, the College has been primarily utilizing social media and that an effort will be made to return to making community connections. For retention, Dr. Coraggio noted that the faculty and FGO are focusing on retaining the students already attending SPC. This will align closely with the Classroom Experience initiative. For scheduling, a campus-based model will be used. Focus has been on the spring semester and for the next school year.

Ms. Cole asked what impact the Transition Team's review of organizational structure will have on the plan that Mr. Miles outlined. Dr. Williams responded that changes are planned for the spring semester and that no changes would be made before that time.

17-157. Under Item VI - C, Administrative Matters

The Board considered Personnel Items VI - C.1a and b. Mr. Foster moved approval. Mr. Gibbons seconded the motion. The motion passed unanimously.

Information regarding these items is as follows:

1. Human Resources
 - a. Personnel Report (*Action*)
 - b. Employee Health Insurance Update – Ms. Desiree Woroner, Director, Human Resources Development (*Presentation/Action*)

Mr. Brian Mills explained that since open enrollment for health insurance is scheduled to begin in November, it was important to get the Board's approval of the proposed 2018 changes to the plans at this meeting. He noted that health insurance costs for the College are projected to increase \$1M this year and Ms. Woroner would share information about proposed changes that would save \$1M. He also shared that a three-year plan is being developed as well and that would be presented to the Board in October.

Ms. Woroner reviewed the 2015 through 2018 (projected) trends of increasing health care costs for the College. She explained the steps that have been taken toward plan modifications to contain costs. These include: evaluation of employee health and wellness program offerings, evaluation the management of pharmacy benefits, ensuring the financial requirement for Self-Funded Safe Harbor, review of plan options with stakeholders and the Insurance Committee. These steps, she explained, have led to the recommendations submitted to the Board for their approval at this meeting. Ms. Woroner explained that the Insurance Committee was comprised of 27 members from a diverse pool of staff, administration and faculty. Ms. Woroner reviewed a list of optional benefits currently available to employees.

Ms. Woroner summarized the following proposed plan changes: Retiree contributions would increase \$100 per month; Prescription co-pays would increase to \$10, \$35 and \$60; the addition of a Value Plus formulary that would encourage employees to choose lower price, but equivalent prescription drugs; Maintenance Choice Rx which would encourage employees to order 90-day supplies of maintenance prescriptions.

Ms. Woroner explained other proposed plan changes that increase deductibles, maximum out-of-pocket expenses, copays for various services and premiums. She noted that an additional salary group of \$95K and over would be added to the premium tiers.

Ms. Woroner reviewed the planned comprehensive communication plan that will begin on September 18 and run through December 18. She said that in the October Board Meeting, the Board would be provided additional information regarding a three-year benefits strategy, comparison of SPC's plan to other Colleges, the evaluation of "seed" funding for Health Savings Accts, and an evaluation of current vendors and other voluntary options.

Mr. Gibbons asked which health care companies the College currently uses and Ms. Woroner reviewed a previous slide with that information. Mr. Gibbons expressed that having competition between vendors would force them to be more competitive.

Ms. Cole asked about the increase in claims and Ms. Woroner explained that the largest increases are in specialized medicine and longer-term care. Ms. Bello expressed concern regarding the increased co-pay for emergency visits. Ms. Woroner responded that many Emergency Care visits might be avoided by encouraging employees to go to urgent care centers rather than the hospital emergency rooms.

Dr. Williams said that an effort would be made to educate employees on using the convenient care centers when appropriate. Ms. Cole asked if the College had any convenient care providers available on any campuses. Ms. Woroner said this was something to be explored. Ms. Bello offered that the space could be leased to an interested provider.

MINUTES OF THE SEPTEMBER 19, 2017 MEETING OF THE BOARD OF TRUSTEES OF ST. PETERSBURG COLLEGE

Mr. Miles shared that an individual has been hired to focus exclusively on Benefits. Chair Stonecipher asked if the three-year plan would look at a more stable offering or if there were influences outside of the College's control. Ms. Woroner responded that it would be part of the strategy to stabilize the plan. Mr. Miles added that the College has been reactive and the plan is an opportunity to reset the budget, align the organizational structure of the College and look at the health insurance piece. He added that he wanted to confirm the accuracy of the projected costs.

Chair Stonecipher asked about the percent increase to retirement contributions. Ms. Woroner responded that retiree health costs are approximately \$600 per month and this increase will take the premium closer to \$1200 per month so it would get closer to covering costs.

Chair Stonecipher proposed that the Board vote on the proposed changes as presented with the exception of the proposed increase to the emergency care co-pay. Mr. Gibbons motioned to accept the proposed changes with the exception of the emergency care co-pay increase. Ms. Bello seconded the motion. The motion passed unanimously.

2. Construction
 - a. St. Petersburg Gibbs Student Success Center Update, Mr. Jim Waechter, Associate Vice President, Facilities Planning and Institutional Services (*Presentation*)

Mr. Waechter announced that the groundbreaking ceremony for the St. Petersburg/Gibbs Student Success Center would immediately follow the Board meeting. He informed the Board that he will present a proposal to the Board to vote on the steel package at October's Board meeting. If that passes, LEMA Construction will begin foundation and steel work in January/February of 2018. He also presented a high-level timeline of the project.

17-160. Under VIII, Informational Reports

17-161. Under Item IX, Proposed Changes to BOT Rules Manual – Public Hearing - NONE

17-162 Under Item X, President’s Report

Dr. Williams reminded the Board that Mr. Gibbons had brought up the issue of naming the new Student Success Center at last month’s Board meeting. She proposed that the appropriate College policy be followed to accomplish this and that includes instituting a committee with the Vice Chair of the Board having a seat on that committee. Mr. Gibbons made a motion to have the Vice Chair create a committee for the purpose of naming the new Student Success Center. Ms. Bello seconded the motion. The motion passed unanimously.

Dr. Williams shared that on September 25th, the College would be hosting the local state legislators to present to them a vision of where the College is heading so they would be informed for the upcoming legislative session. She said legislative committees would begin to meet in Tallahassee in October. Dr. Williams said she would also be able to bring back updates on budgets to the Board and the College community.

Mr. Foster thanked the Foundation for their efforts. Dr. Williams thanked Mr. Foster for his past service to the Board while serving as Chair.

17-163. Under Item XI, Next Meeting Date and Location

The Board confirmed its next meeting date and location as Tuesday, October 17, 2017, 9:00 a.m., at the Bay Pines STEM Center.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College
FROM: Tonjua Williams, President 
SUBJECT: Employee Health Insurance Plan- Update and Recommendations

Approval is sought to modify the 2018 Health Insurance Plan based on increased claim spend.

In 2016, the college projected shortfalls in its health insurance fund. Specifically, the college anticipated a \$1 million shortfall in 2016 and a \$1.5 million shortfall in 2017. These anticipated shortfalls were the result of increased healthcare expenses and inadequate funding through college and employee contributions.

In 2016, the college recommended using money from its health insurance fund balance to offset the shortfall amounts. The college recommended using \$1 million in 2016 and \$500,000 in 2017.

The college's health insurance fund balance is currently \$5.5 million. The college is required to keep at least 17% of its overall plan cost as a safeguard against unexpected claim expense.

Despite the college's projections, the shortfall in 2017 exceeded the anticipated amount. In addition, the college is anticipating another shortfall of \$1 million for 2018.

Due to these increases in health insurance expense and resulting shortfalls, the college finds itself in a position to modify its health insurance plan in 2018. The following changes totaling approximately \$1.08 million are being proposed:

- Increasing deductibles to \$350 (Employee Only) and \$700 (Employee + Child(ren), Spouse, Family), (excludes High Deductible Plan);
- Increasing Out of Pocket Maximums to \$2,000 and \$4,000 (excludes HDP);
- Implementing 90% coverage with 10% co-insurance after deductible (excludes HDP);
- Increasing Employee Only contributions by \$10 per month and \$20 per month for other contribution tiers (excludes HDP);
- Adding salary contribution tier for \$95,000+;
- Increasing retiree contributions by \$100 per month to offset high retiree claim spend;
- Increasing prescription co-pays from 10/\$30/\$50 to \$10/\$35/\$60;
- Implementing Value Plus Formulary for alternative drugs;
- Implementing Maintenance Choice Rx, requiring 90-day refills on maintenance drugs.

The college is developing a three-year benefit strategy for the Board's consideration at a subsequent meeting.

Brian Miles, Vice President, Administrative/Business Services & Information Technology, the College Insurance Committee, and Desiree Woroner, Director of Human Resources Development, recommend approval.

 - a. **Business Administration** (BUS-BS): Added an International Business subplan, and removed Banking subplan due to diminishing enrollment.
3. Program Closure:
 - a. **International Business** (INTBUS-BAS): This program is being discontinued due to historically low enrollment.
 - b. **Industrial Management Technology** (INMG-AS): This program is being discontinued due to historically low enrollment.
4. Course Updates: The following courses were modified as a result of course review, revitalization, or college initiative:
 - a. **Principles of Management** (MAN 2021): Major Learning Outcomes were updated to improve the quality of course.
 - b. **Managerial Risk Analysis and Decision Making** (MAN 3503): Major Learning Outcomes were updated to improve the quality of course.
 - c. **Policy and Strategy** (MAN 4725): Updated course description and prerequisites.
 - d. **Energy & Environmental Techniques** (MAN 4727): Major Learning Outcomes were updated to improve the quality of course.

C. Communications

1. Program Update: Added USF St. Petersburg Mass Communications, Journalism and Media Studies subplan within the **Mass Communications Transfer Plan** (COMM-TR)*.

2. **Program Closure: Sign language Interpretation (INTRP-AS):** This program is being discontinued due to low enrollment and changes in industry/workforce requirements.
3. **Course Updates:** The following courses were modified as a result of college initiative:
 - a. **World Literature I (LIT 2110):** Added study abroad topic to New Zealand.
 - b. **World Literature II (LIT 2120):** Added study abroad topic to New Zealand.
 - c. **Technical Writing (ENC 2210):** Added study abroad topic to Greece.

D. Education

1. **New Courses:** The following courses were created as a result of program review and State committee recommendations:
 - a. **Learning Theory and Student Development (EDF 3151)** in ELED-BS
 - b. **Nature of the Learner (EDF 4151)** in EDST-BS
 - c. **Cultural & Social Foundations of Education (EDF 4635)** in EDST-BS
 - d. **Administration & Leadership Communication Techniques (EDF 4730)** in EDST-BS
 - e. **Program Planning for Infants & Toddlers (EEC 3266)** in EDST-BS
2. **Course Updates:** The following courses were modified as a result of course review and new State requirements:
 - a. **Introduction to Education (EDF 1005):** Modified course description and Major Learning Outcomes.
 - b. **Student Development and Learning Principles K-12 (EDF 3214):** Updated course description.
 - c. **Measurement, Evaluation and Assessment in Education K-12 (EDF 4430):** Updated course credit hours.
 - d. **Classroom Management and Communication K-12 (EDG 3410):** Updated course credit and modified Major Learning Outcomes.

E. Engineering, Manufacturing, and Building Arts

1. **Program Updates:** The following programs were modified as a result of program review and college initiatives:
 - a. **Engineering and Building Arts Department (ENG-AS):** Removed Medical Quality Systems (BIOM) subplan due to the accreditation of the BMET-AS program.
2. **Program Deletion:** The following programs are being discontinued due to historically low enrollment.
 - a. **Drafting and Design Technology (DRAFT-AS)**
 - b. **Drafting (DRAFT-CT)**
 - c. **Medical Quality Systems (MEDQS-CT)**
3. **Course Updates:** The following courses were modified as a result of course review:
 - a. **Special Topics in Biomedical Engineering (BME 2930):** Changed course to be repeatable.
 - b. **Medical Software and Troubleshooting (CET 1175C):** Updated course title and credit hours.
 - c. **Advanced AutoCAD Applications (ETD 2930C):** Updated course title, descriptions, and Major Learning Outcomes.
 - d. **Introduction to Quality Assurance (ETI 1110):** Updated Major Learning Outcomes.
 - e. **Electro-Mechanical Systems (ETS 2424C):** Updated course prerequisites.

F. Health Sciences and Veterinary Technology

1. **New Program: USF Tampa Public Health BS Transfer Plan (FTPHBS-TR)***
2. **Program Updates: Health Sciences (HSA-AS):** Changed the Computer & Information Literacy requirement in order to better serve students who transfer to other SPC health programs.
3. **Course Updates:** The following courses were modified as a result of course review or

accreditation standards:

- a. ***Principles of Animal Nutrition*** (ANS 3440): Added Study Abroad topic to Ireland/Scotland.
- b. ***Legal & Ethical Issues in Veterinary Technology*** (ATE 3515): Major Learning Outcomes were updated to improve the quality of course.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: Tonjua Williams, Ph.D., President 

SUBJECT: Florida Department of Economic Opportunity—Florida Job Growth Grant Fund—Pinellas County Security and Defense Center (PCSDC)

Confirmation is sought for a proposal that was submitted, subject to Board of Trustees' approval, to the Florida Department of Economic Opportunity, by St. Petersburg College for the Florida Job Growth Grant Fund: Workforce Training Project for the Pinellas County Security and Defense Center (PCSDC). Permission is also sought to accept an estimated \$1,303,502 in funding over a two-year period for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

The purpose of the Florida Job Growth Grant Fund, under the category for Workforce Training Projects, is to increase rapid training and employment of Florida workers in targeted, high-demand occupations. SPC's proposed Pinellas County Security and Defense Center would offer a series of interconnected, transferrable educational and training programs for both new and incumbent workers that result in industry recognized workforce certificates and certifications, Postsecondary Advanced Vocational (PSAV) Certificates, Associate degrees (AS), and Bachelor Degrees (BAS). In addition, incorporation of hands-on simulation exercises into certificate and degree programs would supply trainees with innovative learning opportunities and skills critical to emergency management and disaster response. SPC's proposal includes multiple academic departments and partnerships with a range of law enforcement, fire, emergency service agencies, and representatives from the security and defense industry to create a cohesive, collaborative effort toward high-skilled training and preparedness and support the pipeline of in-demand workforce occupations.

The estimated period of performance will be from October 1, 2017 through September 30, 2019. The total project budget is projected to be \$1,303,502 over a two-year period including grant funds and in-kind match. See attached Information Summary for additional information.

Anne Cooper, Senior Vice President, Instructional and Academic Programs; Suzanne L. Gardner, General Counsel; and Brian Frank, Dean College of Public Safety, recommend approval.

**BOT INFORMATION SUMMARY
GRANTS/RESTRICTED FUNDS CONTRACTS**

Date of BOT Meeting:	September 19, 2017	
Funding Agency or Organization:	Florida Department of Economic Opportunity	
Name of Competition/Project:	Florida Job Growth Fund Grant: Workforce Training - Pinellas County Security and Defense Center	
SPC Application or Sub-Contract:	SPC Application	
Grant/Contract Time Period:	Start: 10/1/17	End: 9/30/19
Administrator:	Anne Cooper	
Manager:	Brian Frank	

Focus of Proposal:

The goal of SPC's proposed Pinellas County Security and Defense Center (PCSDC) is to enhance training, certification, and degree opportunities for first responders and cybersecurity professionals to support a robust pipeline of employment and coordinated emergency disaster preparedness in Pinellas County. Leveraging strategic partnerships from private industry and local and regional first responder agencies, this program will focus on homeland security efforts in two key, integrated sectors—People (first responders) and Systems (cybersecurity).

Activities related to the *People* sector include: 1) Enhancing first responder certificate and degree curriculum and training through mobile simulation units to promote experiential learning; 2) Developing a new 911 PSAV program and expanding the EMT PSAV program to the Tarpon Springs campus to increase regional training access; 3) Developing new certificates in Health Care Emergency Preparedness and Emergency Management Advanced Training to support upward job mobility. Activities in the *Systems* sector include: 1) Enhancing existing cybersecurity certificate and degree programs in CCIT through simulation exercises; 2) Developing a new A.S. degree in Data Technology to prepare students for high-demand, high-wage jobs; 3) Developing new certificate programs for Medical Simulation Technicians and Health Information Security Technicians for rapid training in high-demand fields; and 4) Expanding the Crime Investigation and Cybersecurity Student Training Center to improve cross-disciplinary cybersecurity skills for students. Additionally, the program will support collaborative training of regional and state personnel tied to homeland security and disaster response to improve coordination and preparedness. Regional partners will contribute resources including donated equipment, training facilities, and subject matter expertise to support the program.

Collectively, these activities will support training of an estimated 2,200 individuals and graduation of approximately 1,000 individuals over the two-year grant period.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College
FROM: Tonjua Williams, Ph.D., President 
SUBJECT: Florida Department of Economic Opportunity—Florida Job Growth Grant Fund—
Mechatronics & Electromechanical Technician Training (METT)

Confirmation is sought for a proposal that was submitted, subject to Board of Trustees' approval, to the Florida Department of Economic Opportunity, by St. Petersburg College for the Florida Job Growth Grant Fund: Workforce Training Project for Mechatronics & Electromechanical Technician Training (METT). Permission is also sought to accept an estimated \$1,596,858 in funding over a two-year period for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

The purpose of the Florida Job Growth Grant Fund, under the category for Workforce Training Projects, is to increase rapid training and employment of Florida workers in targeted, high-demand occupations. SPC is focusing on Mechatronics & Electromechanical & Technician Training (METT) program in response to the growing workforce demand. Skilled technician occupations account for over 50% of the total manufacturing workforce, where Pinellas County is projecting 2,000 openings over the next six years in these occupations alone.

Mechatronics is the synergistic application of mechanical, electrical, and automation skills. The proposed training will be established as a Competency-Based Education (CBE) model into modularized, hybrid online lecture/in-person lab curriculum designed to teach both students and incumbent workers the technical and critical-thinking skills required to succeed as a maintenance technician in advanced manufacturing environments. The move to a competency-based curriculum model allows for SPC to offer classes in an open entry/open exit format helping to boost enrollment into certification and degrees.

The estimated period of performance will be from October 1, 2017 through September 30, 2019. The total project budget is projected to be \$1,596,858 over a two-year period including grant funds and in-kind match. See attached Information Summary for additional information.

Anne Cooper, Senior Vice President, Instructional and Academic Programs; Suzanne L. Gardner, General Counsel; and Lara Sharp, Program Director of Engineering Technology, recommend approval.

**BOT INFORMATION SUMMARY
GRANTS/RESTRICTED FUNDS CONTRACTS**

Date of BOT Meeting:	September 19, 2017	
Funding Agency or Organization:	Florida Department of Economic Opportunity	
Name of Competition/Project:	Florida Job Growth Fund Grant: Workforce Training – Mechatronics & Electromechanical Technician Training	
SPC Application or Sub-Contract:	SPC Application	
Grant/Contract Time Period:	Start: 10/1/17	End: 9/30/19
Administrator:	Natavia Middleton	
Manager:	Lara Sharp	

Focus of Proposal:

In response to the Florida Job Growth Grant funding opportunity, St. Petersburg College, Pinellas Technical College, along with a core group economic and manufacturing industry partners, such as Lockheed Martin, Monin, MI Metals and regional manufacturing associations are proposing to implement the Mechatronics & Electromechanical Technician Training (METT) program. The goal of the program is to implement and sustain an accelerated, innovative, responsive, and standards based technician workforce program that meets the advanced manufacturing industry's skill requirements. Mechatronics is the synergistic application of mechanical, electrical, and automation skills.

To accelerate training and fast-track implementation, the partnership will model its curriculum and equipment after a successful National Science Foundation (NSF) Advanced Technical Education Center (ATE), AMTEC (Automotive Manufacturing Training Education Collaborative). AMTEC is leader in delivering truly competency based, nationally standardized modularized curriculum used by companies like Toyota, Boeing and Amazon. The curriculum is broken down as a Competency-Based Education (CBE) model into modularized, hybrid online lecture/in-person lab curriculum designed to teach both students and incumbent workers the technical and critical-thinking skills required to succeed as a maintenance technician in advanced manufacturing environments. Each of the modules begins with a pre-assessment that allows a student to earn credit for prior knowledge if they can demonstrate mastery. This may shorten the time required for a student to complete assigned coursework.

The move to a competency-based curriculum model allows for SPC to offer classes in an open entry/open exit (OEOE) format – offering a non-term self-paced program, where students choose when to begin each course (open entry), and how long to stay in each course before demonstrating mastery or completing assessment (open exit). The OEOE format will help maximize training

dollars by providing the flexibility of modularized, self-paced, skills based training. The workforce will be better prepared to meet employer needs in a more responsive and timely manner.

The program will support training of an estimated 300 individuals over two years.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College
FROM: Tonjua Williams, Ph.D., President 
SUBJECT: American Library Association—Ready to Code Program

Confirmation is sought for a proposal that was submitted, subject to Board of Trustees' approval, to the American Library Association, by St. Petersburg College for the Ready to Code Grant. Permission is also sought to accept an estimated \$25,000 in funding over a one-year period for this proposal, if awarded, and enter into any amendments, extensions or agreements as necessary, within the original intent and purpose of the grant.

Sponsored by the American Library Association (ALA), in partnership with Google, the Ready to Code program seeks to increase library-based access to computer science and computational thinking for underserved and low-income K-12th grade students. This program garners national participation in development of a Ready to Code toolkit that will provide low to no-cost coding resources to libraries. SPC's Maker Boot Camp: Ready to Code program will expand on classes at the Seminole Community Library's Innovation Lab to provide basic coding workshops to 480 middle and high school students across three SPC library campuses. Participants, including targeted underserved populations, will engage in hands-on learning to develop computer science interests and will hear from SPC Career Advisors about pathways into post-secondary STEM education. SPC's proposal includes partnerships with community organizations FLASTEM and Girls Inc. of Pinellas County to assist with curriculum design and participant engagement, as well as student interns from SPC's College of Computer Information and Technology and College of Education.

The estimated period of performance will be from October 1, 2017 through September 30, 2018. The total project budget is projected to be \$25,000 over a one-year period. See attached Information Summary for additional information.

Anne Cooper, Senior Vice President, Instruction and Academic Programs; Suzanne L. Gardner, General Counsel; and Matthew Bodie, Executive Director, Learning Resources, recommend approval.

**BOT INFORMATION SUMMARY
GRANTS/RESTRICTED FUNDS CONTRACTS**

Date of BOT Meeting: September 19, 2017

Funding Agency or Organization: American Library Association

Name of Competition/Project: Ready to Code

SPC Application or Sub-Contract: SPC Application

Grant/Contract Time Period: **Start:** 10/1/17 **End:** 9/30/18

Administrator: Matthew Bodie

Manager: Chad Mairn

Focus of Proposal:

SPC's Maker Boot Camp: Ready to Code Program will provide services to 480 middle and high school students across Pinellas County who seek to learn more about computer science and computational thinking, with a concentration on students from low-income and underserved populations. Students will engage in a series of six cohorted workshops designed to build knowledge around coding languages, building of sensors and codeable materials, and gathering data on web-based sites. Community volunteers and SPC interns will provide individualized support and mentorship as well as demonstrate future education and career opportunities in STEM. Grantees will also participate in a national cohort with the American Library Association (ALA) and Google to test and refine the Ready to Code Toolkit, designed to support coding access for any library regardless of financial resources or geographic location. A minimum of 20 workshop cohorts will be piloted at SPC's joint-use library locations at Seminole, St. Pete/Gibbs, and Clearwater for maximum community youth outreach. Program goals include: 1) increasing computational thinking and computer science knowledge for middle and high school students; 2) increasing computer science education and career interest in underserved populations; 3) increasing accessibility of computer science resources in Pinellas County to expand outreach to underserved populations.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: Tonjua Williams, President

SUBJECT: PeopleSoft Campus Agreement – Students, Staff, Faculty & Administrative

Approval is sought to extend the existing technical support services agreement with Oracle for PeopleSoft software, including HRMS, Financials, Student Administration, and Portal application suites, as well as Oracle database. HRMS applications include Human Resources, Benefits Administration, Payroll, Time & Labor, and Self Service. Financials applications include General Ledger, Purchasing, Accounts Payable, and Asset Management. Student Administration applications include Admissions, Student Records, Academic Advisement, Campus Community, Financial Aid, and Student Financials. Portal includes Financials Pack, HRMS Pack, and Interaction Hub.

The agreement extends our current contract for a three (3) year term beginning October 1, 2017 through September 30, 2020.

The yearly cost is \$481,073.24, with total expenditure for three years of \$1,443,219.72, based on estimated student/staff/faculty FTE.

Brian Miles, Vice President, Administrative/Business Services & Information Technology, and Zoran Stanisic, Senior Director Enterprise Systems, recommend approval.

**ORACLE PUBLIC SECTOR TECHNICAL
SUPPORT SERVICES AGREEMENT**

This Oracle Public Sector Technical Support Services Agreement (this "Agreement") is between Oracle America, Inc. ("Oracle") and the entity identified below in the signature block ("You").

1. DEFINITIONS

1.1 "**Agreement**" refers to this Oracle Public Sector Technical Support Services Agreement (including any amendments thereto). This Agreement governs Your use of the Technical Support Services (defined below) ordered from Oracle.

1.2 "**Hardware**" refers to the computer equipment, including components, options and spare parts.

1.3 "**Integrated Software**" refers to any software or programmable code that is (a) embedded or integrated in the Hardware and enables the functionality of the Hardware or (b) specifically provided to You by Oracle and specifically listed (i) in accompanying documentation, (ii) on an Oracle webpage or (iii) via a mechanism that facilitates installation for use with Your Hardware. Integrated Software does not include and You do not have rights to (a) code or functionality for diagnostic, maintenance, repair or technical support services; or (b) separately licensed applications, operating systems, development tools, or system management software or other code that is separately licensed by Oracle. For specific Hardware, Integrated Software includes Integrated Software Options separately ordered.

1.4 "**Operating System**" refers to the software that manages Hardware for Programs and other software.

1.5 "**Products**" refers to Programs, Hardware, Integrated Software and Operating System.

1.6 "**Programs**" refers to (a) the software owned or distributed by Oracle that You have ordered, (b) Program Documentation and (c) any Program updates acquired through technical support. Programs do not include Integrated Software or any Operating System or any software release prior to general availability (e.g., beta releases)

1.7 "**Program Documentation**" refers to the Program user manual and Program installation manuals. Program Documentation may be delivered with the Programs. You may access the documentation online at <http://oracle.com/documentation>.

1.8 "**Separate Terms**" refers to separate license terms that are specified in the Program Documentation, readmes or notice files and that apply to Separately Licensed Third Party Technology.

1.9 "**Separately Licensed Third Party Technology**" refers to third party technology that is licensed under Separate Terms and not under the terms of this Agreement.

1.10 "**Technical Support Services**" refers to technical support services which You have ordered in accordance with this Agreement.

1.11 "**You**" and "**Your**" refers to the entity that has executed these General Terms.

2. AGREEMENT TERM

Orders may be placed under this Agreement for five years from the Effective Date (indicated below in Section 18).

3. TECHNICAL SUPPORT

3.1 If ordered, annual Technical Support Services (including first year and all subsequent years) for Programs is provided under Oracle's Software Technical Support Policies in effect at the time the Technical Support Services are provided. You agree to cooperate with Oracle and provide the access, resources, materials, personnel, information and consents that Oracle may require in order to perform the Technical Support Services. The

Oracle Software Technical Support Policies are incorporated in this Agreement and are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of Technical Support Services provided for supported Programs during the period for which fees for Technical Support Services have been paid. You should review the policies prior to entering into the order for the applicable Technical Support Services. You may access the current version of the Oracle Software Technical Support policies at <http://oracle.com/contracts>. If You decide to purchase Technical Support Services for any Program license within a license set, You are required to purchase Technical Support Services at the same level for all licenses within that license set. You may desupport a subset of licenses in a license set only if You agree to terminate that subset of licenses. The technical support fees for the remaining licenses will be priced in accordance with the technical support policies in effect at the time of termination. Oracle's license set definition is available in the current technical support policies. If You decide not to purchase technical support, You may not update any unsupported Program licenses with new versions of the Program.

3.2 If ordered, annual Technical Support Services (including first year and all subsequent years) for Hardware is provided under Oracle's Hardware and Systems Support Policies in effect at the time the Technical Support Services are provided. You agree to cooperate with Oracle and provide the access, resources, materials, personnel, information, and consents that Oracle may require in order to perform the Technical Support Services. The Oracle Hardware and Systems Support Policies are incorporated in this Agreement and are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of Technical Support Services provided during the period for which fees for Technical Support Services have been paid. You should review the policies prior to entering into the order for Technical Support Services. You may access the current version of the Oracle Hardware and Systems Support Policies at <http://oracle.com/contracts>.

3.3 The Technical Support Services start date set forth in Your order shall serve as the commencement date of the Technical Support Services and the Technical Support Services ordered will be provided through the end date specified in Your order for the applicable Programs and/or Hardware.

4. OWNERSHIP

Oracle or its licensors retain all ownership and intellectual property rights to the Programs, Operating System, Integrated Software and anything developed or delivered under this Agreement.

5. WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

5.1 Oracle warrants that the Technical Support Services ordered and provided under this Agreement will be provided in a professional manner consistent with industry standards. You must notify Oracle of any Technical Support Service warranty deficiencies within 90 days from performance of the deficient Technical Support Services.

5.2 FOR ANY BREACH OF THE ABOVE WARRANTY, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE REPERFORMANCE OF THE DEFICIENT TECHNICAL SUPPORT SERVICES; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THE DEFICIENT TECHNICAL SUPPORT SERVICES AND RECOVER THE FEES YOU PAID TO ORACLE FOR THE DEFICIENT TECHNICAL SUPPORT SERVICES.

5.3 TO THE EXTENT NOT PROHIBITED BY LAW, THIS WARRANTY IS EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

6. INDEMNIFICATION

6.1 To the extent not prohibited by law and subject to sections 6.5, 6.6 and 6.7 below, if a third party makes a claim against either You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, data, hardware, or material (collectively, "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

- a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);

- b. gives the Provider sole control of the defense and any settlement negotiations, to the extent permitted by law; and
- c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

6.2 If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any fees the Recipient may have paid to the other party for it and, if Oracle is the Provider of an infringing Program, any unused, prepaid technical support fees You have paid to Oracle for the license of the infringing Program, if any. If such return materially affects Oracle's ability to meet its obligations under the relevant order, then Oracle may, at its option and upon 30 days prior written notice, terminate the order.

6.3 Notwithstanding the provisions of section 6.2 and with respect to hardware only, if the Provider believes or it is determined that the hardware (or portion thereof) may have violated a third party's intellectual property rights, the Provider may choose to either replace or modify the hardware (or portion thereof) to be non-infringing (while substantially preserving its utility or functionality) or obtain a right to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may remove the applicable hardware (or portion thereof) and refund the net book value and, if Oracle is the Provider of infringing Hardware, any unused, prepaid technical support fees You have paid to Oracle for the Hardware, if any.

6.4 In the event that the Material is Separately Licensed Third Party Technology and the associated Separate Terms do not allow termination of the license, in lieu of ending the license for the Material, Oracle may end the license for, and require return of, the Program associated with that Separately Licensed Third Party Technology and shall refund any Program license fees You may have paid to Oracle for the Program.

6.5 Provided You are a current subscriber to Oracle Technical Support Services for the Operating System (e.g., Oracle Premier Support for Systems, Oracle Premier Support for Operating Systems or Oracle Linux Premier Support), then for the period of time for which You were a subscriber to the applicable Oracle Technical Support Services (a) the phrase "Material" above in section 6.1 shall include the Operating System and the Integrated Software and any Integrated Software Options that You have licensed and (b) the phrase "Program(s)" in this section 6 is replaced by the phrase "Program(s) or the Operating System or Integrated Software or Integrated Software Options (as applicable)" (i.e., Oracle will not indemnify You for Your use of the Operating System and/or Integrated Software and/or Integrated Software Options when You were not a subscriber to the applicable Oracle Technical Support Services). Notwithstanding the foregoing, with respect solely to the Linux operating system, Oracle will not indemnify You for Materials that are not part of the Oracle Linux covered files as defined at <http://www.oracle.com/us/support/library/enterprise-linux-indemnification-069347.pdf>.

6.6 The Provider will not indemnify the Recipient if the Recipient alters Material or uses it outside the scope of use identified in the Provider's user documentation or if the Recipient uses a version of Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of Material which was provided to the Recipient, or if the Recipient continues to use the applicable Material after the end of the license to use that Material. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, data, or material not furnished by the Provider. Oracle will not indemnify You for any portion of an infringement claim that is based upon the combination of any Material with any products or services not provided by Oracle. Solely with respect to Separately Licensed Third Party Technology that is part of or is required to use a Program and that is used: (a) in unmodified form; (b) as part of or as required to use a Program; and (c) in accordance with the license grant for the relevant Program and all other terms and conditions of this Agreement, Oracle will indemnify You for infringement claims for Separately Licensed Third Party Technology to the same extent as Oracle is required to provide infringement indemnification for the Program under the terms of this Agreement. Oracle will not indemnify You for infringement caused by Your actions against any third party if the Program(s) as delivered to You and used in accordance with the terms of this Agreement would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify You for any intellectual property infringement claim(s) known to You at the time license rights are obtained.

6.7 This section provides the parties' exclusive remedy for any infringement claims or damages.

7. TERMINATION

7.1 If either of us breaches a material term of this Agreement and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate this Agreement. If Oracle terminates this Agreement as specified in the preceding sentence, You must pay within 30 days all amounts which have accrued prior to such termination, as well as all sums remaining unpaid for Technical Support Services received under this Agreement plus related taxes and expenses. Except for nonpayment of fees, the non-breaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. You agree that if You are in default under this Agreement, You may not use those Technical Support Service ordered.

7.2 You may terminate this Agreement at any time without cause by giving Oracle 30 days prior written notice of such termination. If You end this Agreement as specified in the preceding sentence, You agree You must pay within 30 days all amounts which have accrued prior to the end of this Agreement, as well as all sums remaining unpaid for Technical Support Services received under this Agreement plus applicable related taxes and expenses (if any).

7.3 If You have used a contract with Oracle or an affiliate of Oracle to pay for the fees due under an order and You are in default under that contract, You may not use the Technical Support Services that are subject to such contract.

7.4 Provisions that survive termination or expiration are those relating to limitation of liability, infringement indemnity, payment and others which by their nature are intended to survive.

8. FEES AND TAXES; PRICING, INVOICING AND PAYMENT OBLIGATION

8.1 All fees payable to Oracle are due within 30 days from the invoice date. You agree to pay any sales, value-added or other similar taxes imposed by applicable law that Oracle must pay based on the Technical Support Services You ordered, except for taxes based on Oracle's income. Reimbursement of expenses related to the provision of any Technical Support Services, if any, will be addressed in the relevant order and/or statement of work for such Technical Support Services.

8.2 You understand that You may receive multiple invoices for the Technical Support Services You ordered. Invoices will be submitted to You pursuant to Oracle's Invoicing Standards Policy, which may be accessed at <http://oracle.com/contracts>.

9. NONDISCLOSURE

9.1 By virtue of this Agreement, the parties may have access to information that is confidential to one another ("Confidential Information"). We each agree to disclose only information that is required for the performance of obligations under this Agreement. Confidential Information shall be limited information clearly identified as confidential at the time of disclosure.

9.2 A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

9.3 Subject to the applicable law, we each agree not to disclose each other's Confidential Information to any third party other than those set forth in the following sentence for a period of three years from the date of the disclosing party's disclosure of the Confidential Information to the receiving party. We may disclose Confidential Information only to those employees or agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than under this Agreement. Nothing shall prevent either party from disclosing the terms or pricing under this Agreement or orders submitted under this Agreement in any legal proceeding arising from or in connection with this Agreement or disclosing the Confidential Information to a governmental entity as required by law. In the event You receive a valid request for Oracle's Confidential Information pursuant to applicable law, You will provide Oracle with reasonable notice of such request and give Oracle an opportunity to object to or limit any such disclosure.

10. ENTIRE AGREEMENT

10.1 You agree that this Agreement and the information which is incorporated into this Agreement by written reference (including reference to information contained in a URL or referenced policy), together with the applicable order, are the complete agreement for the Technical Support Services ordered by You and supersede all prior or contemporaneous agreements or representations, written or oral, regarding such Technical Support Services.

10.2 It is expressly agreed that the terms of this Agreement and any Oracle order shall supersede the terms in any purchase order, procurement internet portal or any other similar non-Oracle document and no terms included in any such purchase order, portal or other non-Oracle document shall apply to the Technical Support Services ordered. In the event of any inconsistencies between the terms of an order and this Agreement, the order shall take precedence. This Agreement and orders may not be modified and the rights and restrictions may not be altered or waived except in a writing signed or accepted online through the Oracle Store by authorized representatives of You and of Oracle. Any notice required under this Agreement shall be provided to the other party in writing.

11. LIMITATION OF LIABILITY

NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE. ORACLE'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID ORACLE UNDER THE ORDER GIVING RISE TO THE LIABILITY, AND IF SUCH DAMAGES RESULT FROM YOUR USE OF TECHNICAL SUPPORT SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID ORACLE FOR THE DEFICIENT TECHNICAL SUPPORT SERVICES GIVING RISE TO THE LIABILITY.

12. EXPORT

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Technical Support Services. You agree that such export laws govern Your use of any Technical Support Services deliverables provided under this Agreement, and You agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, Product and/or materials resulting from Technical Support Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

13. FORCE MAJEURE

Neither of us shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; pandemic, electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancellation of any export, import or other license); other event outside the reasonable control of the obligated party. We both will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, either of us may cancel unperformed Technical Support Service and affected orders upon written notice. This section does not excuse either party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Your obligation to pay for Technical Support Services ordered or delivered.

14. GOVERNING LAW AND JURISDICTION

This Agreement is governed by the laws of *{insert applicable State law}*. *Florida BPM* _____

15. NOTICE

If You have a dispute with Oracle or if You wish to provide a notice under the Indemnification section of this Agreement, or if You become subject to insolvency or other similar legal proceedings, You will promptly send written notice to: Oracle America, Inc., 500 Oracle Parkway, Redwood City, California, United States, 94065, Attention: General Counsel, Legal Department.

16. ASSIGNMENT

You may not assign this Agreement or give or transfer any Technical Support Services or an interest in them to another individual or entity. If You grant a security interest in any Technical Support Services deliverables, the secured party has no right to use any Technical Support Services deliverables, and if You decide to finance Your acquisition of any Technical Support Services, You will follow Oracle's policies regarding financing which are at <http://oracle.com/contracts>. The foregoing shall not be construed to limit the rights You may otherwise have with respect to the Linux operating system, third party technology or Separately Licensed Third Party Technology licensed under open source or similar license terms.

17. OTHER

17.1 Oracle is an independent contractor and we agree that no partnership, joint venture, or agency relationship exists between us. We each will be responsible for paying our own employees, including employment related taxes and insurance.

17.2 If any term of this Agreement is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with a term consistent with the purpose and intent of this Agreement.

17.3 Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this Agreement may be brought by either party more than two years after the cause of action has accrued.

17.4 Products and Technical Support Services deliverables are not designed for or specifically intended for use in nuclear facilities or other hazardous applications. You agree that it is Your responsibility to ensure safe use of Products and Technical Support Services deliverables in such applications.

17.5 The Uniform Computer Information Transactions Act does not apply to this Agreement or orders placed under it.

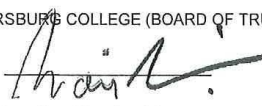

17.6 You understand that Oracle's business partners, including any third party firms retained by You to provide consulting services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for nor bound by any acts of any such business partner unless (i) the business partner is providing services as an Oracle subcontractor in furtherance of an order placed under this Agreement and (ii) only to the same extent as Oracle would be responsible for the performance of Oracle resources under that order.

17.7 For software (i) that is part of Programs, Operating Systems, Integrated Software or Integrated Software Options (or all four) and (ii) that You receive from Oracle in binary form and (iii) that is licensed under an open source license that gives You the right to receive the source code for that binary, You may obtain a copy of the applicable source code from <https://oss.oracle.com/sources/> or <http://www.oracle.com/goto/opensourcecode>. If the source code for such software was not provided to You with the binary, You may also receive a copy of the source code on physical media by submitting a written request pursuant to the instructions in the "Written Offer for Source Code" section of the latter website.

Please note the following:

- If You have questions regarding the Service Details section of this ordering document, or believe that corrections are required, please contact Your Oracle Support Sales Representative identified on the first page of this ordering document.
- Please review Oracle's technical support policies, including the Lifetime Support Policy, before entering into this ordering document. Under Oracle's Lifetime Support Policy, the support level for an Oracle product, if applicable, may change during the term of the services purchased under this ordering document. If extended support is offered, an additional fee will be charged for such

support if ordered. If You would like to purchase extended support please contact Your Oracle Support Sales Representative identified on the first page of this ordering document.

- If Oracle accepts Your order, the start date set forth in the Service Details table above shall serve as the commencement date of the technical support services and the technical support services ordered under this ordering document will be provided through the end date specified in the table for the applicable programs and/ or hardware ("Support Period").
- If any of the fields listed in the Service Details table above are blank, then such fields do not apply for the applicable programs and/or hardware for which You are purchasing technical support services.

TECHNICAL SUPPORT SERVICES TERMS

If the Customer and the Customer Quote To name identified in the General Information table above are not the same, ST Petersburg College (Board of Trustees) represents that Customer has authorized ST Petersburg College (Board of Trustees) to execute this ordering document on Customer's behalf and to bind Customer to the terms described herein. ST Petersburg College (Board of Trustees) agrees that the services ordered are for the sole benefit of Customer and shall only be used by Customer. ST Petersburg College (Board of Trustees) agrees to advise Customer of the terms of this ordering document as well as any communications received from Oracle regarding the services.

If the Customer and the Customer Bill To name identified in the General Information table above are not the same, Customer agrees that: a) Customer has the ultimate responsibility for payments under this ordering document; and, b) any failure of ST Petersburg College (Board of Trustees) to make timely payment per the terms of this ordering document shall be deemed a breach by Customer and, in addition to any other remedies available to Oracle, Oracle may terminate Customer's technical support service under this ordering document.

Technical support is provided under Oracle's technical support policies in effect at the time the services are provided. The technical support policies are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of services provided for supported programs and/or hardware during the period for which technical support has been paid, or for U.S. federal and public sector entities, the period for which services have been ordered. You should review the technical support policies prior to entering into this ordering document. The current version of the technical support policies may be accessed at <http://www.oracle.com/us/support/policies/index.html>.

The technical support services acquired under this ordering document are governed by the terms and conditions of the US-PS-TSSA-1527193 ("agreement"). Any use of the programs and/or hardware, which includes updates and other materials provided or made available by Oracle as part of technical support services, is subject to the rights granted for the programs and/or hardware set forth in the order in which the programs and/or hardware were acquired.

This ordering document incorporates the agreement by reference. In the event of inconsistencies between the terms contained in this ordering document and the agreement, this ordering document shall take precedence.

ORDER PROCESSING DETAILS

Your order is subject to Oracle's acceptance. Your order is deemed to be placed when You provide Oracle with details for payment (e.g., Your purchase order, Your check, or a credit card confirmation for the order as detailed below) or an executed Oracle Financing contract. Once placed, Your order shall be non-cancelable and the sums paid nonrefundable, except as provided in the agreement.

Please note that unless You are a U.S. federal government or public sector entity, if the pre-tax value of this ordering document is USD \$2,000 or less, the technical support services ordered (i) must be paid by credit card; or (ii) You must renew Your support via the Oracle Store. Please contact Your Oracle Support Sales Representative for details regarding renewing Your support via the Oracle Store.

Technical Support fees are invoiced Quarterly in Arrears. All fees payable to Oracle are due within 30 NET from date of invoice.

Oracle will issue an invoice to You upon receipt of a purchase order or a form of payment acceptable to Oracle. If You are an U.S. federal government or public sector entity, Oracle will issue You an invoice quarterly in arrears after the services are performed. You agree to pay any sales, value-added or other similar taxes imposed by applicable law, except for taxes based on Oracle's income.

Unless you are an U.S. federal government entity, Oracle's invoice includes applicable sales tax, GST, or VAT (collectively referred to as "tax"). If ST Petersburg College (Board of Trustees) is a tax exempt organization and is not an U.S. federal government entity, a copy of ST Petersburg College (Board of Trustees)'s tax exemption certificate must be submitted with ST Petersburg College (Board of Trustees)'s purchase order, credit card or other acceptable form of payment.

MEMORANDUM

TO: Board of Trustees, St. Petersburg College

FROM: Tonjua Williams, President 

SUBJECT: Renewal of Contracts of Contractors for Construction Services,
Miscellaneous Contracts Collegewide

Approval is requested to renew the contracts for the seven pre-qualified contractors for small construction projects Collegewide.

At its August, 2015 meeting, the Board of Trustees approved the selection of the seven firms who had submitted qualified responses to a Request for Qualifications (RFQ) for miscellaneous projects up to a contract value not to exceed Category Five per FS 287.017, currently \$325,000. To date, five of the seven firms have performed work under the contract, and this request is to extend the contracts for a third and final year.

The firms are: Certus Builders, Inc.; Hennessy Construction Services; Hodge Management; Integra Construction Group; J. Kokolakis Contracting, Inc.; Kenyon & Partners, Inc.; and Lema Construction.

Brian Miles, Vice President, Administrative/Business Services & Information Technology, and Jim Waechter, Associate Vice President, Facilities Planning & Institutional Services, recommend approval.
