Meeting Minutes:

September 14, 2023

Attendees:

Stan Liberatore, Dan Brown, Bill Waas, John Long, Jesse Turtle, Joe Benavides, Lionel Plaisance, Charlie Will, Sridhar Kocharlakota, Nicole McDougall, Keith Archibald, Kishen Sridharan, Tony Francisco

Jesse Turtle: SPC Foundation – CCIT Excellence Fund

Obviously, I would love all of the advisory members to make a gift to the newly created College of Computer Information Technology Excellence Fund.

So how do we do we donate directly to?

Here is the link for giving: https://www.spcollege.edu/foundation/give-now

I'm working on adding CCIT Excellence Fund to the drop down menu, but until then, they can choose "other" and fill in CCIT Excellence Fund.

Discussions

Programming Languages:

Python should be required in all disciplines – Lionel and Stan agreed

Areas to concentrate: DevOps Stan and Charlie, and Keith

Foundations in Algorithms and Logic – Dan

Prepare students to think, how to get the solution in the least number of steps.

A survey will be conducted to send to all members to get a better understand on the industry needs.
